**[NC]**       **D**                       **F**^#m
You're just too good to be true,    can't take my eyes off of you.

              **D**^7                     **G**
You'd be like heaven to touch.      I wanna hold you so much.

           **G**^m                    **D**
At long last, love has arrived,     and I thank God I'm alive.

            **E**^7        **G**^m6         **D**
You're just too good to be true,     can't take my eyes off of you.

           **D**                       **F**^#m
Pardon the way that I stare,     there's nothing else to compare.

             **D**^7                     **G**
The sight of you makes me weak.    There are no words left to speak.

        **G**^m                    **D**
But if you feel like I feel,   please let me know that it's real.

            **E**^7        **G**^m6         **D**
You're just too good to be true,     can't take my eyes off of you.

**E**^m            **A**^7             **D**            **B**^m
Daa da   daa da   daa da da da da,   daa da   daa da   daa da da da da

**E**^m            **A**^7             **D**            **B**^7      **B**^7
Daa da   daa da   daa da da da da,   daa da   daa da   daaaaa     /

           **E**^m               **A**^7
I love you, baby,    and if it's quite all right,

           **D**               **B**^m
I need you, baby to warm the lonely nights.

           **E**^m     **A**^7            **D**    **B**^7
I love you baby,     trust in me when I say     / . . .
